

## Transfer Station Related Guide to Commenting about Casella

1. Pull up the email you received from the 250 list server that has Casella's comments..
2. Hit reply all
3. Paste the following into the message block as the first paragraph.  
Mr. Brondyke, I am commenting on Jurisdictional Opinion Request # JO 7-287(JOR). My name is \_\_\_\_\_ and my residence is in town or village. I have followed the landfill issue and have read Casella's comments regarding the JOR. I wish to make the following remarks regarding their comments and my opinion about Casella's need to apply for a permit for a greater part of it solid waste operation.
4. In the next paragraph after reading Casella's comments take one or more comments to opionate about, rebut, or agree with.
5. Then in a new paragraph write about what you see as problems the transfer stations create for you and your community. *For example there may be traffic issues like lines of traffic at them, or there may be too large a number of vehicles using it for comfort, they may have odor, their machinery maybe too loud, the length of their operational hours may create noise problems during otherwise quiet times in the afternoon or on Saturday mornings, there may be heavy equipment emissions issues around toxic pollutants or smell.*
6. Or just think about your neighborhood transfer stations and something will come to you to comment about.
